

Dear Sterling Community,

Each year our students take state mandated End of Grade Assessments. 3rd graders through 8th graders take exams in reading and math. 5th and 8th graders are tested in science. For the second year in a row our students averaged above 90% proficient and advanced on these assessments.

We are therefore recognized as a North Carolina Public School of Excellence with High Academic Growth. Our scores even exceeded those of last year. Our overall scores were 93.4% in math, 92.4% in reading and 88.7% in science. Although this is not the only measure of an excellent academic program, it is one we all can be proud of.

Sincerely,

Bill Zajic

Executive Director Sterling Montessori Charter School
