

STERLING MONTESSORI CONSENT FOR TECHNOLOGY AND DIGITAL RESOURCE USE

Parental permission is required in order for your student to access technology and digital resources at school. Sterling Montessori uses a variety of technology and digital resources to enable and enhance instruction. With permission, students may use devices provided by Sterling, including but not limited to, computers, tablets, and iPads (all of which allow some degree of Internet access.) Students may also access web-based applications to create, review, store, share and potentially post their work on the Internet. In addition, student information and student work may be maintained by and stored on web-based instructional sites and applications. Not all tools are used at all grade levels.

Sterling Montessori has several processes in place to protect students while using technology and digital resources. Students are educated every year about appropriate online behavior, including interacting with other individuals on social networking websites and cyber bullying awareness and response. Sterling Montessori also uses Internet filters to block most harmful content. Students' Internet activity and e-mail communications may be monitored by school personnel as provided for in Responsible Use of Technology policy.

Students are expected to use technology and digital resources under their teacher's direction for educational purposes only in accordance with Sterling's Responsible Use of Technology Policy.

You may grant permission for your student to access technology and digital resources. You should select this option if you want your student to use computers, tablets, etc. and be allowed to access web-based curriculum tools.

Parents may deny permission for their student to access technology and digital resources. You should select this option if you do not want your student to use a computer or other device or to access web-based curriculum tools.

Several mandatory state and federal student assessments are solely available over the Internet. These tests and assessments will be administered to ALL students. Temporary technology access for these tests will be granted for students who do not have a signed opt-in on file.

Please complete this form and have your student return it to his or her teacher.

Student's Last Name (PRINT)	Student's First Name (PRINT)
Technology and Digital Resource Permission <input type="checkbox"/> I GRANT permission for my student to use all technology and digital resources, both devices and web based applications. We have read and agree to the terms of the WCPSS Student Responsible Use Policy. <input type="checkbox"/> I DENY permission for my student to use any technology and digital resources, both devices and web-based applications. We have read the Sterling Montessori Responsible Use of Technology Policy.
